

CCNH Acquires Monadnock at Home

Building on Our Commitment to Serving Seniors Statewide

For even more seniors across New Hampshire, their wishes to remain independent – and living at home – will become a reality.

Catholic Charities NH is excited to announce the acquisition of Monadnock at Home, a nonprofit membership organization providing seniors across the Monadnock Region with the services and support to live and thrive in their homes and communities.

Since its founding in 2010, Monadnock at Home has helped more than 300 seniors – many who live alone in rural settings – with a wide range of social, wellness and education programs that help prevent loneliness and isolation, preserve their well-being and facilitate connections that keep them engaged in the community.

Services include volunteer-driven transportation to appointments, handyman assistance in the home, check-in calls, companion visits and more. Clients can also access an extensive network of pre-screened independent service providers for everyday needs such as personal healthcare, financial and legal services, house cleaning, auto repair and more.

Now an official program of Catholic Charities NH, Monadnock at Home is planning to serve more seniors across the region through expanded case management services and a wider geographic reach beyond the ten communities it currently covers.
